Key Qualifications

I have excellent organizational and interpersonal skillsets working with people of many different culture and demographics. Financially, I have been responsible for \$375 million of Club Car's spend to support the manufacturing process. I have expertise in developing strategies of generating revenue to enhance the company's financial stability.

Professional

Experience

Global Commodity Manager- Club Car, Augusta, Georgia

The majority of my career has been in Management in a manufacturing environment focusing on contract negotiations along with Supply Chain Development. I managed ten people (two teams, a USA based team in Augusta, Georgia and a Chinese based team in Wujiang). I spent two years in China (2010-2012). I have other professional relationships with Supply Chain partners in India, Italy, Japan, and Turkey. As a part of my International zones, I have traveled to most parts of the world.
